MONEY FOR THIS PORT

Honolulu Naval Station Improvements.

COMMANDER POND TALKS

A Workshop, Smithery, Foundry, Houses and Other Things For Department.

OMMANDER POND, of the Honolulu naval station, received by the last mail from the Coast copies of the estimates for the appropriations for the Navy Department for the year of 1901-1902.

Hawaii has her little say in these estimates, and if Congress passes the various items the naval station at this port will assume business-like propor-

When Uncle Sam once starts work on a naval station there is no telling when he will stop. Already Honolulu boasts

Commander Pond informed an Ad- promised. The Walluku Plantation, the vertiser reporter concerning the estimates for the appropriations for the Honolulu naval station. First of all, it will doubtiess be remembered that \$25,000 was appropriated by Congress last year for the bureau of steam engineering for the Honolulu naval station. This money has not yet been touched, and no instructions have been touched, and no instructions have been touched the promised. The Walluku Plantation, the walluku Plantation of Marchael walluku Plantation, the walluku Plantation of Marchael walluku Plantation, the walluku Plantation of Marchael wallu received concerning it.

According to the estimates of the Navy Department, the new appropriations, if passed, will allow for the Ho-

come under his observation in looking over the bones and clothing. He had found nothing in the pockets but a found nothing in the pockets but a string for use upon a Chinese queue or wrapping around the pantaloons at the man was of medium height. The man was of medium height. No evidences of four play were found.

to be only about three inches in length metend of twelve or fourteen as at first suggested. This was due to the fact that the hair was matted.

The jury brought in a verdict in ac-

cordance with the above facts.

Claudine-Carson Case.

The Claudine-Carson case, wherein damages were awarded the owners of the sunken bark Carson against Wilder's Steamship Company, was taken up in the United States District Court yesterday. An argument was made relative to the use of the models of the Carson and steamer Claudine Judge Estee said permanent exhibits would have to be filed so that if the case was appealed to the Circuit Court of Appeals at San Francisco the models would be sent there with the rest of the documents in the case. Judge Estee thought that the principals to the action should have duplicates of the models made. The case was then adjourned until tomorrow. Judge Es tee will confer with Judge Frear in the meantime to arrange for the use of the present models to the end of the case.

Death in the Methylated Spirits Sold.

A MENACE TO HONOLULU

Druggists' Organ Points the Danger of the Free Sales in Hawaii.

The police records show that in the past few weeks a half dozen or more men and women have died of drinking methylated spirits or wood alcohol. The coroner's jury in the case of the victims of old man Silva's vile decoc tions after certifying to the cause of

"And further, in view of the indis putable evidence which has been adduced in this case to show that methylated spirits, wood alcohol, Columbia spirits and like poisons are being sold freely in such quantities at the several drug stores in the city of Honolulu as to be a public menace, and that for the public safety it is imperative that some stringent measures be adopted to protect the health and welfare of the community at large.

"Therefore, we, the undersigned cor-ower's jury, do recommend that the Government issue such regulations as will make the said poisons, known as methylated spirits, wood alcohol and Columbian spirits scheduled as poisons the sale of which is regulated by stat

The following from the Druggists Circular concerning the toxic effects of wood alcohol or methyl alcohol com-

Navy Department, the new appropriations, if passed, will allow for the Honolulu naval station, a total of \$107,300. This amount will be divided as follows: \$50,000 for a workshop for steam engineering; \$25,000 for a smithery and a foundry; \$15,000 for the commandant's house and stables; \$3,000 for developed building; \$2,500 for the erection of a cottage for the waterman; \$10,000 for grading and fencing; \$500 for a ten-ton wharf crane, and \$1,000 for a water-pipe system.

If the appropriations are passed by Congress it will mean a great deal to Honolulu. Many men will be employed, and the city's waterfront will take upon itself additional boom and profit, both materially and artistically, by the anticloated improvements.

With the new workshop, the smithery and the foundry, it will be possible to make repairs on navy vessels visiting this port; make alterations and 6 most anything that would be likely to be required.

"The Government does not worry cornmander Pond yesterday," the Hoonolulu naval station needs certain things, and those things will undoubtedly be forthcoming. It might happen, not very far in the future, that Pearl is not any property far in the future, that Pearl is not any property for in the future, that Pearl in the future in "To begin with, there is no question whatever as to the extremely dangerous character of unpurified methyl alcohol (wood spirit). It is capable of producing serious disturbance in small doses; and in addition to the danger to life is the chance of destroying the impaired by only inhaling the vapor of Hawali. The department will have in quantity, and in this one report is made of total blindness following its on the recommendation of the collector.

things, and those things will undoubted by the forthcoming. It might happen, not very far in the future, that Pearl Superintendent of Public Works; por. Harbor would be improved, and that Grant 867, Kiloa, S. Kona, Hawni, Centrol of the naval station would be removed from its present site to Pearl Harbor. This possibility does not affect present action, and the station here, in Honolulu, will be as well equipped and as perfect in every particular as the navy requires."

There is a question in the minds of No. 6633-J. Maluhia and husband P. Pethe jurors as to the length of time and to Geo. N. Wilcox; R. P. 382, gul. Which the man has been dead. Mr. 334, Haiku, Lihue, Kaual. Consideration was covered with tons of earth and stones which the man has been dead. Mr. Moore keeper of the Government reservoirs, was in the clump of bushes where the body was found not six months since trimming trees and three months ago was there planting young trees. This explodes the plague death theory.

Mr. Moore says he never knew of a bad odor coming from the place. He believes that the death of the man occurred not long ago and that mongooses, rats, ants and mice have done much in stripping the bones of flesh. The bones were clean of flesh, but the clothing of the man was not in the least disturbed.

Dr. Emerson testified to what had cover the bones and clothing. He had some which had slid down from the towering cliffs. An investigation showed that the towering cliffs. An investigation showed that the death of the was covered by the debris. The accident happened during the night and was due to the heavy down-more says he never knew of a bad odor coming from the place. He believes that the death of the man occurred not long ago and that mongooses, rats, ants and mice have done much in stripping the bones of flesh. The bones were clean of flesh, but the clothing of the man was not in the least disturbed.

Dr. Emerson testified to what had come under his observation in leoking over the bones and clothing. He had

"I have used Chamberlain's Colle, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it," This remedy always wins the good opinion, if not the praise, of those who use it. The quick cures which it effects even in the meat severe cases make it a favorite everywhere. For sale by all dealers and druggists. Benson, Smith & Co., Ltd., agents, H. T.

Critical Times for Girls.

The first critical period in a woman's life comes at the passing of her girlhood. In nine cases out of ten where disease fastens itself upon her it does so at the line of demarcation between girlhood and womanhood. How to preserve the daughter's health-how to ward off disease at this crisis is the problem that confronts every mother of girls.

Dr.Williams' Pink Pills for Pale People

are the best remedy to use at this critical period. Read this sworn statement of Mrs. J. M. Riggs, of Carterville, Mo.

"My daughter Josie during the winter of 1837-28 suffered a complete break-down in health. She was thin and pale, had no appetite—in fact, some days barely tasting her food. Those who knew her condition said she was going into a decline.

On the advice of a neighbor, we began giving her Dr. Williams' Pink On the advice of a heighbor, we began giving her by williams ring Pills for Pale People. The effect on her condition was marvelous. Refore she had taken half a box her condition was improved, and she kept on gaining appetite, strength and flesh until she was entirely well. She took three boxes of the pills and to-day there is not a healthier, more robust looking girl in Carterville. She is fleshier and healthier than ever before in her

Subscribed and sworn to before me a Notary Public, this 15th day of WILLIAM WOLCOTT, Notary Public.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor staxia, partial paralysis, St.Vitus' Dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness, in either male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, postpaid, on receipt of price, 50c. a box or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.
